

itSDFI 2020

“CIO 2020 – we learn from stories”

Conference for the digital era CIO

20 May 2020 CZE / Quality Hotel Brno

1. What is CIO's role in digital transformation?
2. What CIO skills matter in 2020?
3. What are the latest and most innovative IT management trends all types of organizations?
4. How should CIO work in digital ecosystems?

itSDFI 2020 is experience sharing conference for modern CIO. Since 2012, conference provides exclusive opportunity to meet, connect and get inspired between progressive CIOs and IT managers.

Conference 2020 is about redefining the IT role in organisations, understanding that IT is an integral part of everything, where IT is essential driving force in every modern organisation.

Conference themes:

- Collaboration management models
- IT budgeting for innovations – Beyond Budgeting
- Systems thinking – ecosystems, complexity
- Digital transformation, AI, IT driven innovations, handling growing uncertainty

Venue: Quality Hotel Brno Exhibition Centre****, Czech republic

Date: 20 May 2020
